

# Indiana BANKPAC Federal Solicitation Authorization Form

Indiana BANKPAC is the political action committee of the Indiana Bankers Association and is the largest Indiana PAC devoted to state and federal legislators who support the interests of banking. Comprised of the State Fund and the Federal Fund, Indiana BANKPAC funds are used to support candidates who generally understand and support a positive business environment for the conduct of banking activity. This serves to maximize our strength, while ensuring that the banking industry's voice is at the forefront of the political process. Contributions to the Federal Fund are used to provide financial assistance to the campaign committees of the American Bankers Association, the Independent Community Bankers of America, and the Indiana BANKPAC State Fund. While state-chartered banks, corporations and individuals can make contributions to the Indiana BANKPAC State Fund, only bank federal political action committees and restricted-class employees (executives, salaried administrative personnel, board members, stockholders and directors) are permitted to make contributions to the Indiana BANKPAC Federal Fund.

The Federal Election Commission requires authorization from member banks before BANKPAC is permitted to solicit and utilize contributions for the Federal Fund. This authorization is necessary in the event a restricted-class employee chooses to participate in any activity or to receive any communication regarding the Indiana BANKPAC Federal Fund. Submitting this authorization ensures you and your employees are kept aware of changes to the banking industry and receive information about our programs, events and activities which are vital in today's political environment. Therefore, we ask that a representative sign the five lines below granting such authorization for the next five years.
