An Investment in Your Bank's Future!

The Risk Management Forum provides a platform and opportunity for chief risk officers and other risk managers to exchange ideas freely, discuss important issues, and explore potential solutions with peers. You do not want to miss this opportunity! Chief risk officers and other senior risk and compliance managers are the target audience for this forum. CEOs and CFOs of banks that do not have an established risk department would also benefit from the forum.

Possible Forum Topics

- Top current and emerging risks for banks
- Risk governance
- Risk policies, procedures and limits
- Risk reports and KRIs
- Risk assessments
- Risk appetite
- Regulatory compliance "hot topics"
- New product/activity risk management
- Model risk management
- Third party risk management

How the Forum Works

- The forum will meet three times during the year
- Several topics will be discussed at each session; participants are strongly encouraged to suggest agenda topics of interest
- Facilitated discussion with supplemental information provided to generate ideas
- A binder based on forum topics is compiled for each group member
